Legacy in Action

Shaping Tomorrow's Leaders
- Serving Today's Children

APA Legacy in Action Capital Campaign

Building a \$3 million future to shape tomorrow's leaders, serving today's children.

CASE FOR SUPPORT

For 65 years, the Academic Pediatric Association has shaped academic pediatricians' careers and advanced the health of children nationwide. The Legacy in Action Campaign ensures this impact continues—strengthening our role as the professional home for academic pediatricians who educate future leaders, conduct groundbreaking research, transform healthcare delivery systems and advocate for child health and health equity. Together, we are building a \$3 million future for the children of our nation.

Why Give Now?

Supporting APA now strengthens both the profession and the children we serve. Specifically, gifts will:

1. Strengthen the workforce
2. Advance health equity
3. Build a strong and resilient foundation

Campaign Goal:

\$3 million over five years: Every gift—big or small—moves us closer to a sustainable future.

Your Impact: Your contribution directly supports scholars, mentors, and programs that shape the future of academic pediatrics.

- Sustain signature programming
- Empower mentorship: Support faculty and honor those who shape careers
- Advance equity: Champion individuals underrepresented in medicine and elevate health equity scholarship
- Strengthen the future: Build a lasting endowment
