APA Legacy in Action Capital Campaign

Building a \$3 million future to shape tomorrow's leaders, serving today's children.

WHY NOW?

Health Equity

Our children face widening disparities. APA's programs cultivate scholars and leaders committed to advancing equity in every community.

Workforce Development

Pediatric training must prepare physicians as clinicians and as leaders in education, research, and advocacy. APA is uniquely positioned to meet this need.

Sustainability

Small donations and limited reserves leave APA vulnerable. Strengthening our financial foundation enables bold innovation and rapid response to emerging challenges.
