

QI Conference Posters by Number

Poster #	Poster Title	First Name	Last Name
1	A Quality Improvement Project To Reduce Variation In Pediatric Asthma Care U	Sean	Patterson
2	Improving Time to Administration of Steroids for Asthma in the Pediatric Emergency Department	Yongtian	Tina Tan
3	Reducing Racial Disparities in Asthma Care: Initiating Inhaled Corticosteroids for Pediatric Patients with Poorly Controlled Asthma in the Emergency Department	Angela	Amaniampong
4	Quality Improvement Initiative: Better Assessment & Responses to Croup in Kids - Decrease in Dexamethasone (BARCK-DiD)	Emily	Zucker
5	Improving Adherence to Nurse Sedation Delegation Protocol: A Quality Improvement Initiative	Diana	Montes Ramirez
6	Drilling it Down - Determining the Root Causes of Increased Peripheral IV Infiltrations and Extravasations in Pediatric Inpatients at London Health Sciences Centre - Children's Hospital	Jovana	Milenkovic
7	Safe Effective & Equitable use of Intranasal Sedation (INS) for Neonatal Magnetic Resonance Imaging (NMRI) studies	Lauren	Latawiec
8	Formative Evaluation of a QI Intervention Aimed at Improving Moderate Sedation Process at a Pediatric Emergency Department	Earl Kenneth	Tam
9	Seize the Day! A QI Approach to Improving Epilepsy Monitoring Unit Discharge Times	Danielle	Esteban
10	Utilizing Quick Discharge standardized workflow to improve discharge documentation efficiency for patients seen by APRNs at a Tertiary Pediatric Emergency Department	Sonali	Ramesh
11	Improving Time to Medical Acceptance for Non-Emergent Hospital-to-Hospital Transfers	Preston	Simmons
12	Systems-Informed Safety Reporting: Utilization of the SEIPS Model to Improve the Quality of Safety Event Reporting	Preston	Simmons
13	An International Quality Improvement Collaborative to Optimize Patient Flow in the PICU	Michael	Wilhelm
14	Implementation of Clinical Decision Support to Decrease Length of Stay for Patients Admitted for Asthma Exacerbation to Pediatric Hospital Medicine	Katherine	Pumphrey
15	Reducing High Flow Nasal Cannula Use in Bronchiolitis	Hannah	Bassett
16	Nurse driven asthma protocol to standardize acute care in a community hospital	Sahar	Romem
17	Antibiotic Standardization for Pediatric Aspiration Pneumonia (ASpire): A Quality Improvement Initiative	Katherine	Pumphrey
18	Improving Integration of Intake and Output into Patient Care for Hospitalized Pediatric Patients	Seetal	Mishra
19	Improving Time to Enteral Nutrition for Children on High-Flow Nasal Cannula	Michael	Platt
20	Improving Adherence to the 2021 AAP Well Appearing Febrile Infant Clinical Practice Guideline Within a Rural Health System	Emma	Freeman
21	Improving Documentation of Behavioral Crisis Events: A Quality Improvement Initiative	Ankita	Gupta
22	Improving Remote Monitoring Compliance in Pediatric Patients with Cardiac Implantable Electronic Devices: A Quality Improvement Initiative	Diya	Mandal
23	Academic Center to Community Hospital PICU: An Interdisciplinary Approach to Improve Escalation of Care Practices	George	Ru
24	Building a Culture of Collaborative Learning: The VPS Respiratory Support Quality Improvement Initiative	Rusly	Harsono
25	Multicenter quality improvement collaborative to reduce length of mechanical ventilation in critically ill children	Brian	Boville
26	Increasing Medications Ordered Using Dosing Weight in the Pediatric Intensive Care Unit: A Quality Improvement Initiative	Dhara	Shah
27	Development of a Standardized Ventilator Weaning Protocol to Mitigate Failed Extubations	Annabelle	Batten

**QI Conference
Posters by Number**

28	<i>Non-Invasive Positive Pressure Ventilation: A Quality Improvement Project Guided by Practice Preference Measurement</i>	Sofia	Gnecco-Gonzalez
29	<i>Reducing Excessive Weight Loss in Infants with Neonatal Opioid Withdrawal Syndrome: An Inter-Institutional QI Initiative</i>	Alexa	Allotta
30	<i>Improving Pulse Oximetry Efficiency in Neonatal Resuscitation: A Quality Improvement Initiative</i>	Breana	Cocelli
31	<i>Improving Peripheral IV Placement with Point-of-Care Ultrasound: A Quality Improvement Initiative in a Level III Neonatal Intensive Care Unit</i>	Anupriya	Bhatia
32	<i>Implementing a Neuroprotective Bundle in a Level IV Academic NICU</i>	Ira	Holla
33	<i>Improving Compliance with Documentation of Standardized Risk Assessments for Patients with Positive Suicide Risk Screens in a Pediatric Emergency Department</i>	Jennifer	Hoffmann
34	<i>Implementing Suicide Screening and Assessment for Adolescents with Developmental Disabilities in an Urban Multidisciplinary Center</i>	Maria	Valicenti-McDermott
35	<i>Implementing Universal Depression Screening in Pediatric Emergency Departments</i>	Irina	Topoz
36	<i>Improving Mental Health Screening in a Primary Care Pediatrics Residency Clinic</i>	Monica	Venkatesha
37	<i>Improving Mental Health Screening at a Hospital-Based Outpatient Subspecialty Adolescent Medicine Practice</i>	Amelia	Warshaw
38	<i>Plotting Progress: Improving Recognition and Education for Patients with Elevated BMI admitted to the Pediatric Hospital Medicine Service</i>	Caitlin	Toney
39	<i>Increasing Adherence to AAP Guidelines in the Laboratory Evaluation of Children with Obesity in a Resident Continuity Clinic</i>	Hunter	Lakin
40	<i>Addressing a Disparity in Asthma Control Status in Children Less Than 11 Years of Age in a Pediatric Primary Care Setting</i>	Rhyan	Bailey
41	<i>Improving nutrition counseling for pediatric patients with primary hypertension</i>	Kelsi	Alexander
42	<i>Raising Rates Reducing Risk: HPV Vaccination for 9–10-Year-Olds in Primary Care in a Large Primary Care Network</i>	Hanna	Lemerman
43	<i>Improving HPV Vaccination Rates in a Primary Care System</i>	Corinna	Rea
44	<i>Vaccine Safety in NCMG</i>	Matthew	Kinney
45	<i>Utilization of Daily EPIC Secure Messaging to Evaluate Changes in Influenza Vaccination Order Rate on Resident Inpatient Pediatric Hospital Medicine Services</i>	Corbinian	Wanner
46	<i>Increasing the Administration of Nirsevimab on the Pediatric Inpatient Acute Care Floors</i>	Liz	Smits
47	<i>Improving Management of Patients with Suspected Eating Disorders Presenting to the Pediatric Emergency Department</i>	Noah	Manning
48	<i>Starting a healthcare transition program for adolescent and young adult kidney transplant recipients: a quality improvement initiative.</i>	Heepke	Knickel
49	<i>Embedding Early Childhood Development Experts in Community Clinics to Improve Developmental Screening and Early Intervention Referrals: The ENRICH-LAC Quality Improvement Initiative</i>	Olga	Solomon
50	<i>Increasing Number PlayReadVIP Sessions in a Pediatric Clinic Setting Using FOCUS-PDSA</i>	Leonela	Tutasig
51	<i>Lipid Screenings for 9-11yo WCC at University-Affiliated NCMG Clinics</i>	Matthew	Kinney
52	<i>Choosing Wisely for Patients in the Pediatric ED Requiring Psychiatric Evaluation</i>	Nicole	Gerber
53	<i>Reducing Waste and Cost by Utilizing Tap Water for Laceration Irrigation in the Emergency Department: A Quality Improvement Approach</i>	Alison	Fowler
54	<i>Increasing Appropriate Serum Bilirubin Testing in a Well Newborn Nursery</i>	Juniper	Burch
55	<i>From 612 to 101 Days: Transforming Clinical Pathway Program Processes for Timely Care</i>	Leigh Anne	Bakel
56	<i>Reducing Routine Screening Labs for Patients in the Pediatric Emergency Department Requiring Psychiatric Admission: A Quality Improvement Initiative</i>	Jack	Christian

QI Conference Posters by Number

57	<i>Sustaining Safe Essential Medication Reconciliation and Ordering Processes in a Pediatric ED Across an EHR Transition</i>	Jessica	Creedon
58	<i>Utilization of Epic SlicerDicer to Evaluate Pediatric Quality of Care in the Community Hospital Emergency Departments</i>	Jessica	Creedon
59	<i>Uptake and Usability of an AI-Driven Child Abuse Clinical Decision Support Tool</i>	Dhatri	Abeyaratne
60	<i>Standardizing Patient Safety Observation: Aligning Risk Skillsets and Resources to Reduce Variation in 1:1 Utilization</i>	Nicole	Penwill
61	<i>Building a Safer Future: Evaluating Learning Teams in a Pediatric Hospitals</i>	Megan	Coe
62	<i>Increasing antibiotic stewardship in febrile oncology patients without severe neutropenia presenting to the pediatric emergency department (PED)</i>	Leslie	Hueschen
63	<i>Take a Breather: Implementation of a High Flow Nasal Cannula Holiday for Pediatric Patients Hospitalized with Bronchiolitis at Cohen Children's Medical Center</i>	Madeline	Parr
64	<i>Moving It Along: Improving Timeliness of Albuterol De-escalation in Hospitalized Children With Asthma</i>	Audrey	Uong
65	<i>POwer Up to PO: Boosting Transitions from IV to PO of Gastric Acid Suppressive Medication in Pediatric Hospital Medicine Patients</i>	Madeline	Parr
66	<i>Improving Postoperative Antibiotic Course for Complicated Appendicitis</i>	Lindsay	Arenas
68	<i>Pediatric Resident Autonomy and Supervision on Family-Centered Rounds</i>	Taylor	Millar
69	<i>No Results Left Behind: An Educational QI Initiative to Build Resident Accountability in Test Result Management</i>	Ananya	Sarkar
70	<i>Optimizing Emergency Preparedness for Clinical Staff in Ambulatory Pediatrics</i>	Susan	Walker
71	<i>Quality Improvement Initiative in Med-Peds: Enhancing Resident Physician Preparedness for Adolescent Transition Care</i>	Kate	Bonham
72	<i>Co-creation and Implementation of a Resource to Empower Patients and Families as Partners in the Diagnostic Process</i>	Jillian	Krause
73	<i>Let's FOCUS on Baseline: Improving Awareness of a Child's Usual State</i>	Meghan	Fanta
74	<i>A Quality Improvement Project to Promote Discussions of Healthy Outcomes from Positive Experiences (HOPE) using Reach Out and Read (ROAR) in a Pediatric Primary Care Clinic</i>	Emily	Bulczynski
75	<i>Our Story Begins: Bringing Books to the Bedside in the Neonatal ICU</i>	Madison	Gronda
76	<i>Improving Rates of Hospital Discharge Instruction Translation for Spanish-Preferring Patients</i>	Josh	Kurtz
77	<i>Hearing all voices: A QI project to improve in-person interpreter use for hospitalist rounds</i>	Michael	Shen
78	<i>Developing a Parent Friendly Handout: A Formative Step in a QI Initiative to Improve Newborn Health Insurance Enrollment at a Large Urban Primary Care Pediatric Practice</i>	Noah	Buboltz
79	<i>Screening While Admitted: Increasing Sexually Transmitted Infection Screening Rates in Adolescent Patients by Testing in the Inpatient Setting</i>	Zainab	Khan
80	<i>Increasing In-Person Interpreter Use in the Pediatric Emergency Department</i>	Abigail	Gauthier
81	<i>Improving Social Determinants of Health Screening in a High-Risk Infant Follow-Up Clinic: A Quality Improvement Initiative</i>	Sara	Neches
82	<i>Increasing Rates of Health Related Social Needs Screening in a Pediatric Critical Care Setting</i>	Camilo	Pardo
83	<i>Documenting Drivers of Health: Strengthening Health-Related Social Needs and Z Code Capture in Pediatric Hospital Medicine</i>	Tanvi	Devi
84	<i>Small Patients Big Needs: Implementing Social Drivers of Health (SDoH) Screening Across the NICU Continuum</i>	Isabella	Norelius
85	<i>Improving In Person Access to Social Work After Screening Positive on WE CARE a Social Determinants of Health Screen</i>	Kristina	Myers
