

**QI Conference
Posters by Last Name**

Poster #	Poster Title	First Name	Last Name
59	<i>Uptake and Usability of an AI-Driven Child Abuse Clinical Decision Support Tool</i>	Dhatri	Abeyaratne
41	<i>Improving nutrition counseling for pediatric patients with primary hypertension</i>	Kelsi	Alexander
29	<i>Reducing Excessive Weight Loss in Infants with Neonatal Opioid Withdrawal Syndrome: An Inter-Institutional QI Initiative</i>	Alexa	Allotta
3	<i>Reducing Racial Disparities in Asthma Care: Initiating Inhaled Corticosteroids for Pediatric Patients with Poorly Controlled Asthma in the Emergency Department</i>	Angela	Amaniampong
66	<i>Improving Postoperative Antibiotic Course for Complicated Appendicitis</i>	Lindsay	Arenas
40	<i>Addressing a Disparity in Asthma Control Status in Children Less Than 11 Years of Age in a Pediatric Primary Care Setting</i>	Rhyan	Bailey
55	<i>From 612 to 101 Days: Transforming Clinical Pathway Program Processes for Timely Care</i>	Leigh Anne	Bakel
15	<i>Reducing High Flow Nasal Cannula Use in Bronchiolitis</i>	Hannah	Bassett
27	<i>Development of a Standardized Ventilator Weaning Protocol to Mitigate Failed Extubations</i>	Annabelle	Batten
31	<i>Improving Peripheral IV Placement with Point-of-Care Ultrasound: A Quality Improvement Initiative in a Level III Neonatal Intensive Care Unit</i>	Anupriya	Bhatia
71	<i>Quality Improvement Initiative in Med-Peds: Enhancing Resident Physician Preparedness for Adolescent Transition Care</i>	Kate	Bonham
25	<i>Multicenter quality improvement collaborative to reduce length of mechanical ventilation in critically ill children</i>	Brian	Boville
78	<i>Developing a Parent Friendly Handout: A Formative Step in a QI Initiative to Improve Newborn Health Insurance Enrollment at a Large Urban Primary Care Pediatric Practice</i>	Noah	Buboltz
74	<i>A Quality Improvement Project to Promote Discussions of Healthy Outcomes from Positive Experiences (HOPE) using Reach Out and Read (ROAR) in a Pediatric Primary Care Clinic</i>	Emily	Bulczynski
54	<i>Increasing Appropriate Serum Bilirubin Testing in a Well Newborn Nursery</i>	Juniper	Burch
56	<i>Reducing Routine Screening Labs for Patients in the Pediatric Emergency Department Requiring Psychiatric Admission: A Quality Improvement Initiative</i>	Jack	Christian
30	<i>Improving Pulse Oximetry Efficiency in Neonatal Resuscitation: A Quality Improvement Initiative</i>	Breana	Cocelli
61	<i>Building a Safer Future: Evaluating Learning Teams in a Pediatric Hospitals</i>	Megan	Coe
57	<i>Sustaining Safe Essential Medication Reconciliation and Ordering Processes in a Pediatric ED Across an EHR Transition</i>	Jessica	Creedon
58	<i>Utilization of Epic SlicerDicer to Evaluate Pediatric Quality of Care in the Community Hospital Emergency Departments</i>	Jessica	Creedon
83	<i>Documenting Drivers of Health: Strengthening Health-Related Social Needs and Z Code Capture in Pediatric Hospital Medicine</i>	Tanvi	Devi
9	<i>Seize the Day! A QI Approach to Improving Epilepsy Monitoring Unit Discharge Times</i>	Danielle	Esteban
73	<i>Let's FOCUS on Baseline: Improving Awareness of a Child's Usual State</i>	Meghan	Fanta
53	<i>Reducing Waste and Cost by Utilizing Tap Water for Laceration Irrigation in the Emergency Department: A Quality Improvement Approach</i>	Alison	Fowler
20	<i>Improving Adherence to the 2021 AAP Well Appearing Febrile Infant Clinical Practice Guideline Within a Rural Health System</i>	Emma	Freeman
80	<i>Increasing In-Person Interpreter Use in the Pediatric Emergency Department</i>	Abigail	Gauthier
52	<i>Choosing Wisely for Patients in the Pediatric ED Requiring Psychiatric Evaluation</i>	Nicole	Gerber
28	<i>Non-Invasive Positive Pressure Ventilation: A Quality Improvement Project Guided by Practice Preference Measurement</i>	Sofia	Gnecco-Gonzalez
75	<i>Our Story Begins: Bringing Books to the Bedside in the Neonatal ICU</i>	Madison	Gronda
21	<i>Improving Documentation of Behavioral Crisis Events: A Quality Improvement Initiative</i>	Ankita	Gupta
24	<i>Building a Culture of Collaborative Learning: The VPS Respiratory Support Quality Improvement Initiative</i>	Rusly	Harsono

**QI Conference
Posters by Last Name**

33	<i>Improving Compliance with Documentation of Standardized Risk Assessments for Patients with Positive Suicide Risk Screens in a Pediatric Emergency Department</i>	Jennifer	Hoffmann
32	<i>Implementing a Neuroprotective Bundle in a Level IV Academic NICU</i>	Ira	Holla
62	<i>Increasing antibiotic stewardship in febrile oncology patients without severe neutropenia presenting to the pediatric emergency department (PED)</i>	Leslie	Hueschen
79	<i>Screening While Admitted: Increasing Sexually Transmitted Infection Screening Rates in Adolescent Patients by Testing in the Inpatient Setting</i>	Zainab	Khan
44	<i>Vaccine Safety in NCMG</i>	Matthew	Kinney
51	<i>Lipid Screenings for 9-11yo WCC at University-Affiliated NCMG Clinics</i>	Matthew	Kinney
48	<i>Starting a healthcare transition program for adolescent and young adult kidney transplant recipients: a quality improvement initiative.</i>	Heepke	Knickel
72	<i>Co-creation and Implementation of a Resource to Empower Patients and Families as Partners in the Diagnostic Process</i>	Jillian	Krause
76	<i>Improving Rates of Hospital Discharge Instruction Translation for Spanish-Preferring Patients</i>	Josh	Kurtz
39	<i>Increasing Adherence to AAP Guidelines in the Laboratory Evaluation of Children with Obesity in a Resident Continuity Clinic</i>	Hunter	Lakin
7	<i>Safe Effective & Equitable use of Intranasal Sedation (INS) for Neonatal Magnetic Resonance Imaging (NMRI) studies</i>	Lauren	Latawiec
42	<i>Raising Rates Reducing Risk: HPV Vaccination for 9–10-Year-Olds in Primary Care in a Large Primary Care Network</i>	Hanna	Lemerman
22	<i>Improving Remote Monitoring Compliance in Pediatric Patients with Cardiac Implantable Electronic Devices: A Quality Improvement Initiative</i>	Diya	Mandal
47	<i>Improving Management of Patients with Suspected Eating Disorders Presenting to the Pediatric Emergency Department</i>	Noah	Manning
6	<i>Drilling it Down - Determining the Root Causes of Increased Peripheral IV Infiltrations and Extravasations in Pediatric Inpatients at London Health Sciences Centre - Children's Hospital</i>	Jovana	Milenkovic
68	<i>Pediatric Resident Autonomy and Supervision on Family-Centered Rounds</i>	Taylor	Millar
18	<i>Improving Integration of Intake and Output into Patient Care for Hospitalized Pediatric Patients</i>	Seetal	Mishra
5	<i>Improving Adherence to Nurse Sedation Delegation Protocol: A Quality Improvement Initiative</i>	Diana	Montes Ramirez
85	<i>Improving In Person Access to Social Work After Screening Positive on WE CARE a Social Determinants of Health Screen</i>	Kristina	Myers
81	<i>Improving Social Determinants of Health Screening in a High-Risk Infant Follow-Up Clinic: A Quality Improvement Initiative</i>	Sara	Neches
84	<i>Small Patients Big Needs: Implementing Social Drivers of Health (SDoH) Screening Across the NICU Continuum</i>	Isabella	Norelius
82	<i>Increasing Rates of Health Related Social Needs Screening in a Pediatric Critical Care Setting</i>	Camilo	Pardo
63	<i>Take a Breather: Implementation of a High Flow Nasal Cannula Holiday for Pediatric Patients Hospitalized with Bronchiolitis at Cohen Children's Medical Center</i>	Madeline	Parr
65	<i>POwer Up to PO: Boosting Transitions from IV to PO of Gastric Acid Suppressive Medication in Pediatric Hospital Medicine Patients</i>	Madeline	Parr
1	<i>A Quality Improvement Project To Reduce Variation In Pediatric Asthma Care Using The Hospital Asthma Severity Score (HASS)</i>	Sean	Patterson
60	<i>Standardizing Patient Safety Observation: Aligning Risk Skillsets and Resources to Reduce Variation in 1:1 Utilization</i>	Nicole	Penwill
19	<i>Improving Time to Enteral Nutrition for Children on High-Flow Nasal Cannula</i>	Michael	Platt
14	<i>Implementation of Clinical Decision Support to Decrease Length of Stay for Patients Admitted for Asthma Exacerbation to Pediatric Hospital Medicine</i>	Katherine	Pumphrey

**QI Conference
Posters by Last Name**

17	<i>Antibiotic Standardization for Pediatric Aspiration Pneumonia (ASPIre): A Quality Improvement Initiative</i>	Katherine	Pumphrey
10	<i>Utilizing Quick Discharge standardized workflow to improve discharge documentation efficiency for patients seen by APRNs at a Tertiary Pediatric Emergency Department</i>	Sonali	Ramesh
43	<i>Improving HPV Vaccination Rates in a Primary Care System</i>	Corinna	Rea
16	<i>Nurse driven asthma protocol to standardize acute care in a community hospital</i>	Sahar	Romem
23	<i>Academic Center to Community Hospital PICU: An Interdisciplinary Approach to Improve Escalation of Care Practices</i>	George	Ru
69	<i>No Results Left Behind: An Educational QI Initiative to Build Resident Accountability in Test Result Management</i>	Ananya	Sarkar
26	<i>Increasing Medications Ordered Using Dosing Weight in the Pediatric Intensive Care Unit: A Quality Improvement Initiative</i>	Dhara	Shah
77	<i>Hearing all voices: A QI project to improve in-person interpreter use for hospitalist rounds</i>	Michael	Shen
11	<i>Improving Time to Medical Acceptance for Non-Emergent Hospital-to-Hospital Transfers</i>	Preston	Simmons
12	<i>Systems-Informed Safety Reporting: Utilization of the SEIPS Model to Improve the Quality of Safety Event Reporting</i>	Preston	Simmons
46	<i>Increasing the Administration of Nirsevimab on the Pediatric Inpatient Acute Care Floors</i>	Liz	Smits
49	<i>Embedding Early Childhood Development Experts in Community Clinics to Improve Developmental Screening and Early Intervention Referrals: The ENRICH-LAC Quality Improvement Initiative</i>	Olga	Solomon
8	<i>Formative Evaluation of a QI Intervention Aimed at Improving Moderate Sedation Process at a Pediatric Emergency Department</i>	Earl Kenneth	Tam
2	<i>Improving Time to Administration of Steroids for Asthma in the Pediatric Emergency Department</i>	Yongtian	Tina Tan
38	<i>Plotting Progress: Improving Recognition and Education for Patients with Elevated BMI admitted to the Pediatric Hospital Medicine Service</i>	Caitlin	Toney
35	<i>Implementing Universal Depression Screening in Pediatric Emergency Departments</i>	Irina	Topoz
50	<i>Increasing Number PlayReadVIP Sessions in a Pediatric Clinic Setting Using FOCUS-PDSA</i>	Leonela	Tutasig
64	<i>Moving It Along: Improving Timeliness of Albuterol De-escalation in Hospitalized Children With Asthma</i>	Audrey	Uong
34	<i>Implementing Suicide Screening and Assessment for Adolescents with Developmental Disabilities in an Urban Multidisciplinary Center</i>	Maria	Valicenti-McDermott
36	<i>Improving Mental Health Screening in a Primary Care Pediatrics Residency Clinic</i>	Monica	Venkatesha
70	<i>Optimizing Emergency Preparedness for Clinical Staff in Ambulatory Pediatrics</i>	Susan	Walker
45	<i>Utilization of Daily EPIC Secure Messaging to Evaluate Changes in Influenza Vaccination Order Rate on Resident Inpatient Pediatric Hospital Medicine Services</i>	Corbinian	Wanner
37	<i>Improving Mental Health Screening at a Hospital-Based Outpatient Subspecialty Adolescent Medicine Practice</i>	Amelia	Warshaw
13	<i>An International Quality Improvement Collaborative to Optimize Patient Flow in the PICU</i>	Michael	Wilhelm
4	<i>Quality Improvement Initiative: Better Assessment & Responses to Croup in Kids - Decrease in Dexamethasone (BARCK-DiD)</i>	Emily	Zucker
